

acu masque

combat congestion

Specifically designed for those who suffer from oily skin, open pores and congestion, *acu masque* is a refreshing at home treatment that can be used by most skin types.

By working to absorb excess oils and dissolve dead skin cells, *acu masque* works to revise the functions of the skin – not just the surface. By dissolving dead skin cells, *acu masque* eliminates the need for a harsh granular scrub which can often generate more unnecessary oil within the skin.

Acting as an astringent, *acu masque* also works to help clear out and tighten up the pores to minimise their appearance, and therefore leave you with a clearer, healthier looking complexion.

Directions:

Simply apply to cleansed skin, leave for 20 minutes and rinse off with warm water.

Active ingredients:

- *Sulphur* helps kill bacteria
- *Kaolin* gently cleanses whilst improving circulation
- *Zinc oxide* offers a mildly astringent action

Recommended Retail Price: \$70.50 (60mL)
