

betagen crème

put the fire out with *betagen*

Whether you suffer from irritation or you've spent too long in the sun, DMK's *betagen crème* works to soothe and calm the skin.

Ready to tackle almost any skin emergency, *betagen crème* contains a beta glucan concentration which works to reduce swelling and minimise trauma by stimulating the skin's natural immune defense system.

With the soothing properties of shea butter and chamomile extract, the antioxidant rich crème is not only ideal for environmentally damaged skin; it is also designed to encourage cell restoration.

If your skin is feeling irritated, damaged or weathered, it's time to boost your skin's defenses and put the fire out with *betagen*.

How to use: Apply over DMK serums, nourishing crèmes and oils. Spray several times with DMK *herb & mineral mist* for maximum absorption.

RRP \$147.50 (30mL)
