

biogen c crème

for a brighter, livelier complexion

Formulated to stimulate tired, dull and stressed skin, *biogen c crème* is a nourishing crème designed to revise wrinkles and fine lines. Containing arnica, valerian and chamomile, the crème acts as a tranquiliser for stressed skin.

Containing vitamins C and E, essential fatty acids, proteins and fermented orange oil, *biogen c crème* works to increase dermal hydration and minimise damage caused by free radicals.

For those who suffer allergies or whose skin is environmentally damaged, red, reactive, inflamed or blotchy, *biogen c crème* is the perfect way to de-stress your skin.
