

contraderm

Settle your skin with *contraderm*

Specifically designed for use post- treatment, surgery or even for minor skin irritations and itching during skin revision programs, *contraderm* crème is an anti-trauma formula for skin.

contraderm crème can be applied around the eyes and neck if either of these areas become excessively irritated. This product has anti-inflammatory and vaso-constrictive actions. *contraderm* crème may also be used to soothe skin irritations and itching.

contraderm crème contains grape seed oil because of its super anti-oxidant properties, lecithin because of its essential amino acids, tocopherol because of its vitamin E anti-oxidant properties and a small amount of retinol for its subtle ability to removal dead cell material.

Recommended Retail Price: \$77 (15mL)
