

hydrating masque

replenish & rehydrate

Suitable for normal to dry skin, DMK's *hydrating masque* is designed to nourish the skin by boosting hydration.

Working to re-establish barrier function, DMK's *hydrating masque* works to aid in the revision of premature ageing.

hydrating masque is recommended for skin that exhibits dehydration, dryness, reactivity or inflammation.

Key Ingredients:

- *Allantoin* is a soothing agent that is used topically to heal wounds and to stimulate the growth of healthy tissue.
- *Chamomile* is a natural anti-inflammatory, which offers a calming and soothing quality for irritated skin.
- *Azulene* is an anti-inflammatory and soothing ingredient.
- *Retinol* is a natural, non-toxic vitamin A derivative, which helps to loosen and exfoliate dead cell material.
- *Tocopherol* is a natural vitamin E, which accumulates in the epidermis and forms a barrier against moisture evaporation. It is a major antioxidant nutrient that retards cellular ageing and keeps skin healthy and youthful by inhibiting the oxidation of unsaturated lipids.
