

## *maximum moisture*

### maximum replenishment

As the name implies, this deeply nourishing herbal body moisturiser provides your skin with maximum moisture.

*maximum moisture* body lotion is also great for rubbing into hands and feet to soften rough skin.

Simply apply a small amount to wet skin after a shower or bath. By allowing the water to help distribute and work the moisturiser in to the skin, you not only give your skin an extra moisture boost, you maximise the length of your product.

#### Key ingredients:
