

## seba-e

### replenish and rehydrate

*seba-e* contains a fractionated blend of herbal lipids & vitamin E designed to replicate the skin's natural sebum; these ingredients serve to nourish and hydrate your skin whilst protecting it from the harsh effects of the environment.

*seba-e* and *herb & mineral mist* aim to nourish the skin, which can be stripped during professional treatments or daily cleansing.

#### Unique characteristics and benefits

- *seba-e* is a blend of botanical oils and tocopherol, fractionated to blend with *herb & mineral mist*. This aims to hold the nutrient rich herbal formulas in the skin for hours, reviving the acid mantle.
- *seba-e* has been developed with an aim to mimic the natural secretions of our skin which are essential for cell life.

#### Usage

Apply 1-4 drops of *seba-e* in the palm of your hands and lightly pat onto the skin, making sure that you apply under the eye and neck area. Spray *herb & mineral mist* and massage into the skin.
