

super bright – reformulated!

The future looks bright with DMK's NEW *super bright*!

A revolutionary, and now more potent, blend of botanical ingredients, *super bright* is an advanced night crème recommended for those concerned with pigmentation, sun-damage and uneven skin tone.

Renowned for its skin brightening capabilities, *super bright* now contains a higher concentration of vitamin C; making it DMK's best brightening formulation yet.

super bright's exclusive combination of ingredients naturally converts to give all the benefits of renowned brightening ingredient, hydroquinone, without the potentially harmful side-effects and without increasing the skin's photo sensitivity.

super bright is DMK's flagship skin brightening product.

Recommended Retail Price: \$132 (60mL)
