transdermal sunblock

block the sun, not your pores

Sunscreen can leave your skin feeling oily and thick. This is no longer the case thanks to DMK *transdermal sunblock*. DMK *transdermal sunblock* offers SPF 30 broad-spectrum protection, working to shield the skin from the sun's harsh UV rays without clogging the pores.

Originally formulated for acne sufferers, the *transdermal sunblock* is non-greasy and suitable for use on most skin types. DMK *transdermal sunblock* is water-resistant yet lightweight, providing your skin with effective protection from the sun without excess oil flow.

DMK *transdermal sunblock* also comes in an essential hand-bag size – so you're always prepared!

Key ingredients:

- *Titanium Dioxide*: a physical block that reflects UV rays
- *Allantoin*: soothing and hydrating

Recommended Retail Price:	$25.00 (60mL) $43.00 (120mL)
